Aragen Academy

ARAGEN ACADEMY

Creating Seed Talent for Life Sciences Industry

Aragen Academy

About
Aragen Life Sciences

Aragen Life Sciences is a global leader in contract R&D and manufacturing partner to the global life sciences industry. Our commitment to inclusive and sustainable growth is reflected in our CSR initiatives across education, healthcare, and environmental sustainability. Every project is an opportunity to uplift communities and drive meaningful impact.

Aragen Academy:
Nurturing Future Scientists

Aragen Academy is an extension of Aragen's CSR vision-an initiative to empower aspiring scientists and foster industry-ready talent. The Academy embodies our belief that growth thrives when paired with social and environmental responsibility.

Program Leadership

Dr. Satyanarayana Yennam, Vice President at Aragen Life Sciences, leads Aragen Academy. With over 30 years of experience in academia, Aurobindo Pharma, and Aragen Life Sciences. At Aragen, Dr. Yennam has been instrumental in forging global partnerships and advancing scientific innovation.

Having a broader outlook in establishing alliance relationships with Global customers for more than two decades and retained them for the sustained business in Aragen discovery chemistry.

A dedicated mentor and accomplished researcher, Dr. Yennam has guided several Ph.D. scholars and champions the growth of young scientists through Aragen's education and training programs. His expertise spans complex synthesis, heterocyclic chemistry, and analytical techniques, backed by Ph.D. from Osmania University and postdoctoral research from Arizona State University (U.S.A) and University of Alberta(Canada).

He has received multiple honors, including the DuPont Alliance Spirit Award and Aragen's Value Star Award, reflecting his leadership, mentoring excellence, and strategic vision.

About The Program

Aragen Academy's Industry Readiness Training program delivers a transformative learning experience, combining Aragen's extensive industry expertise with global knowledge to offer specialized, industry-focused training tailored for students with a background in organic chemistry. Aragen Academy empowers you with the expertise and insights essential to thrive in the evolving landscape of the industry, with a special focus on the CRDO and CDMO sectors.

Aragen Academy

The Objective

Our certification program provides comprehensive learning opportunities, blending classroom instruction with hands-on training on experimental skills. Focused on skill development that aligns with industry needs, this program ensures you graduate with job-ready skills, needed to thrive in the ever-evolving pharma, life sciences, and biotech industries.

Program Design

The program combines hands-on experience in cutting-edge R&D labs with intensive laboratory and theoretical learning to equip students with essential industry skills.

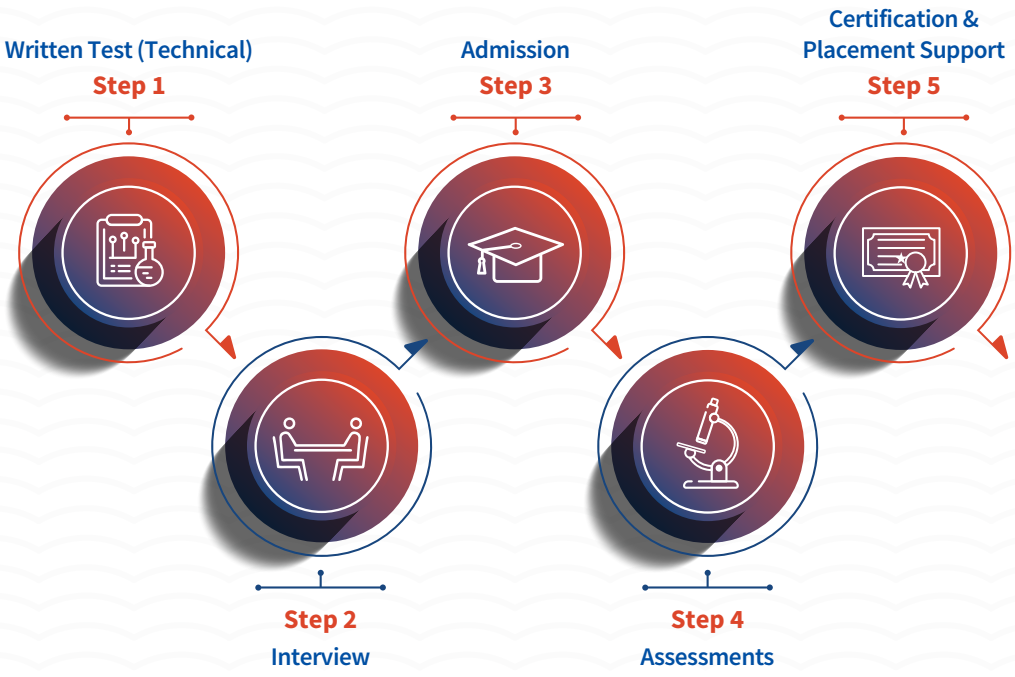

- **Duration:**
  4 Months of intensive classroom and laboratory training
- **Total Training Hours:**
  400 hours (Monday to Friday)

Curriculum

The industry-curated curriculum integrates theoretical knowledge with practical experience to ensure students gain both technical expertise and industry-ready skills.

Advanced Organic Chemistry (Classroom Approach):	225 hours
Development of Experimental Skills (Laboratory Approach)	225 hours
General Topics (Data Mining, Safety, Computer Learning)	20 hours
Soft Skills Training (Communication, Presentation, Management Skills)	30 hours

The Process

Aragen Academy

Eligibility Criteria

Applicants inclined to transition into the CRDO/CDMO space and with:

- **Educational Qualification:** M.Sc. Chemistry with a minimum of 65%
- **Industry Experience:** 0-12 months

Career Opportunities

After the successul completion of the program, you will have opportunities to interact with leading CRO/CDMO industry partners for potential and achieve your career goals in the life sciences industry!

Recruiters

neuland | HONOUR | Piramal Pharma Solutions | Anthem BioPharma

MSN Research for Better Medicines | Chemveda | AURIGENE Pharmaceutical Services | Devsynthesis

Program Benefits

- **Monthly Stipend:** ₹15,000 for 4 months
- **Certification & Completion Bonus:** ₹20,000 upon successful program completion
- **Placement Assistance:** Direct interaction with leading CRO/CDMO industry partners
- **Industry Exposure:** Real-world learning in advanced labs with experienced mentors
- **Benefit from Aragen's strong industry network**—
  As a founding member of IPSO (Innovative Pharmaceutical Services Organization), we offer students valuable exposure and connections within the global pharmaceutical and biotech sectors.
